**THE CRETAN REBELLION.**

In a Pitched Battle the Turks Are De-

feated.

LONDON, Aug. 26.—A dispatch to The  
Telegraph from Athens says that the most  
serious fighting which has been recorded  
in Crete up to the present time occurred  
Friday, when the Christians in the moun-  
tains organized a strong expedition against  
a number of Moslem villages in the Hora-  
klion district. A thousand well armed  
Turks left Horaklion to defend their prop-  
erty. In the pitched battle which followed  
the Turks were defeated, losing eighty  
killed and forty-seven wounded. The  
losses of the Christians were smaller. The  
Christians captured an enormous booty,  
hundreds of rifles and thousands of sheep  
and with the falling into their possession.

The news of the reverse, according to  
the Athens correspondent of The Tele-  
graph, terribly excited the Moslem popu-  
lation of Horaklion. The Mohammedans  
gathered in front of the palace of the gov-  
ernor and clamored furiously for arms.  
The governor refused to accede to these  
requests, but he was powerless to restore  
order. He, therefore, telegraphed the au-  
thorities at Candia warning them of the  
gravity of the situation. The foreign con-  
suls urged Georgi Beryvitch, prince of  
Samoa, the recently appointed Christian  
governor of Crete, to take steps to sup-  
press the disorder. The French consul  
even went so far as to threaten to order  
a strong force from the French warships to  
disembark for the purpose of restoring order.

**Killed His Wife and Himself.**

SAN PEDRO, Cal., Aug. 26.—Robert O.  
Johnson shot and killed his divorced wife,  
Mrs. H. S. Lane, and then shot himself  
twice through the head, dying shortly after-  
ward. Jealousy at his woman's remarriage  
is believed to have been Johnson's motive.

**NUZZETS OF NEWS.**

John C. Black was nominated by the  
gold Democratic convention for governor  
of Illinois.

It is probable the Italian govern-  
ment will send a man-of-war to Brazil on ac-  
count of the riots in Rio de Janeiro.

The inquest in the Henke murder at Bur-  
lington implicates Thomas Cromwell and  
another person unknown. They thus far  
have eluded arrest.

Baron Fava, Italian ambassador, was in  
conference for some time yesterday with  
Acting Secretary of State Root, discussing  
the lynching of Italians in Louisiana  
several weeks ago.

**A Peculiar Case Tried Before Justice**

Occasionally something transpires to bring  
to light a paradoxical case in which one party  
appears on the one side and makes a  
determined fight, conscientiously believing  
that he is right. Such was the character of a  
case Justice Cardin was called upon to try  
last night.

John Kilgus caused the arrest of Mike  
Piper, a South Main street saloonkeeper,  
charging him with the larceny of four  
dollars. When the case was tried it appeared  
that Kilgus was given a \$5 bill and told to  
go to Piper's saloon for a can of beer. He  
received the beer and 90 cents in change.  
Kilgus demanded change to the amount of  
\$4.10. Piper declared that he only received a  
one-dollar bill. Kilgus produced two  
witnesses who swore that a \$5 bill was given  
him to get the beer. Piper produced three  
witnesses who swore positively that the bill  
handed the saloonkeeper was of the \$1  
denomination.

Justice Cardin was puzzled for awhile, but  
it occurred to him that a cross-examination  
of the prosecutor might throw some light on  
the case. Kilgus admitted that when he  
received the \$5 bill he put it in his pocket.  
He also admitted that he had considerable  
money of his own in the same pocket and he  
would not swear that he did not have a \$1  
bill. The Justice arrived at the conclusion  
that Kilgus pulled out a \$1 bill when paying  
for the beer and dismissed the case, putting  
the costs on the prosecutor, who said he  
would figure up and see how much he had  
before the beer transaction and how much  
after.

If you want a fine wedding cake, let Otto  
make it for you.

**Political Talk.**

Congressman Towne, of Minnesota, and  
Senator Teller, of Colorado, will be brought  
into this county if possible by the Bimetallie  
League, to stump the county in behalf of  
free silver coinage.

The Democratic candidates held a confer-  
ence at Pottsville yesterday afternoon. They  
refuse to give the object of the meeting, but  
it is learned from a reliable source that they  
discussed the advisability of issuing a daily  
paper at the county seat in the interests of  
the free silver cause.

John May Thorpe, of New York city, will  
deliver five silver lectures in this county.  
The political campaign in this county will  
be inaugurated by both parties next week.

Chairman Edwards has made a wise selection  
in the location of headquarters, on the first  
floor of the Seltz building.

Hon. Charles F. King said W. A. Torbert  
were elected national delegates yesterday to  
the National Social Money Democratic con-  
vention at Indianapolis.

Tillman will "eat fire and pitchforks" at  
Ashland to-night in "the enemy's country."  
Chairman Edwards would like to hear from  
those speakers who desire to speak  
during the campaign, that he may assign  
them places.

Alexander Kaufman, of Gordon, has  
announced himself as an independent candi-  
date for the Legislature in the Second district.

**The Miners Were Faked.**

Last March an agent of the Beaver Hill  
Coal Company, located in Oregon, visited this  
region and induced a large number of miners  
to go to that state, offering flattering induc-  
ements to those who would accompany him.  
There were several from Shenandoah among  
the number who left for the Oregon coal  
fields, but most of them were from Shamo-  
kin. Timothy Grady, of the latter town,  
who joined the party, has just returned  
home and he gives anything but a glowing  
description of the condition of the mines in  
that state. He says the men were compelled  
to buy their tools, etc., at the company's  
store and before the cost of same was half  
earned the men saw they could not make  
half a living, so in a couple weeks a com-  
plete exodus of the Pennsylvania miners  
from the place began. A number of the  
miners have started for home, but Grady is  
the first to arrive. He walked a great deal  
of the way, the balance he rode on coal and  
freight trains, making the journey in about  
four months.

**POTTSVILLE LETTER.**

**Mr. Brumm Has Called a Meeting of the**

**Candidates at Pottsville.**

POTTSVILLE, August 26.  
It is stated on good authority that Con-  
gressman Brumm has forwarded letters to all  
the Republican candidates, requesting them  
to attend a meeting here to-morrow. Many  
rumors are afloat as to the object of the meet-  
ing, and some of them are highly colored and  
without foundation. There is no reason for  
concealing the fact that Mr. Brumm is greatly  
pleased because his friends do not control the  
organization, and especially because of the  
selection of the secretaries as made public by  
Chairman Edwards.

It is given out by the friends of the Con-  
gressman that the reason for this movement  
is that Chairman Edwards appointed members  
of the Executive Committee to the number of  
nine, who are not County Committee men,  
which is claimed not to be in accordance  
with the rules, which says that a majority  
of the Executive Committee shall be members  
of the County Committee.

The object of the meeting is said to force  
Chairman Edwards' resignation and the elec-  
tion of a chairman in his place. The out-  
come is awaited with much interest, as the  
meeting of the candidates will be held one  
day previous to the meeting of the executive  
committee, which has been called for Friday  
next.

**MAHANOY CITY MELANGE.**

**Identify Established of the Young Man**

**Killed in Connecticut.**

**Special to Evening Herald.**

**MAHANOY CITY, Aug. 26.**—The identity of  
the young man killed on a railroad at Green-  
wich, Conn., and who was supposed to be  
Matthew Millward, of this place, has been  
established. Millward is at work on a farm  
near Harrisburg, according to a letter just  
received from his sister in that city. The  
same letter says that a few weeks ago a  
young man who had recently arrived from  
London, England, called on Matt, Millward  
and, being a friend of the latter's family,  
was given their address in Mahanoy City.  
The victim is no doubt the London young  
man.

Austin Lowe, of West Pine street, had his  
head badly lacerated at the Vulcan colliery  
this morning.

The saloon of David Beynon, on East Ma-  
hanoy avenue, was robbed early this morning  
of almost everything of value. There is no  
clue to the robbers.

**The Chicago Convention.**

The Hon. Andrew D. White, ex-President  
of Cornell University, has written a very  
important article for the September Forum,  
entitled "Encouragements in the Present  
Crisis." Dr. White emphasizes very strongly  
the character of the crisis which con-  
fronts us, points out the anarchic and  
social forces and tendencies which lie  
behind it, gives some parallels in history  
which reveal the dangers just now threat-  
ening us, but which also indicate our means  
of meeting them,—a profoundly interesting  
article. In the same number Mr. Isaac L.  
Rice, the well-known lawyer, under the  
significant title, "They Shall Not Steal,"  
severely criticizes the Chicago platform and  
the utterances of its candidate.

is more than jubilant and will leave for Mon-

HAYANA, Aug. 25.—It is reported here  
that the insurgents recently burned over  
thirty coffee and cacao plantations in the  
province of Santiago de Cuba. Among the  
larger plantations burned were the splendid  
estates of Anoro, Sumpatia and  
Dolorita. It is estimated that more than  
one million dollars worth of property was  
destroyed. These estates were owned by  
French citizens who were not sympathizers

mained neutral from the commencement  
of the troubles in Cuba.

**MR. EDWARD EDMONDS,** long con-

Nebraska, writes: "My heart troubled  
and pained me for 3 years. Shortness of  
breath was the constant and most common  
symptom. Intense, excruciating pain, gener-  
ally followed any severe exertion. Faintness,  
hunger without any appetite; fluttering that  
made me clutch my breast, and palpitation  
that often staggered me as if I would fall,  
were frequent attacks. Again, everything  
would turn black if I arose from a stooping  
posture quickly. Sleepless nights with their  
prostrating unrest were numerous and I could  
get no rest day or night. I consulted leading phy-  
sicians and tried advertised re-  
medies. They gave me no relief. One of  
Dr. Miles' circulars described my case so  
exactly that I took Dr. Miles' New Heart  
Cure and I am now a well man. I hope  
every one troubled with heart disease will  
try Dr. Miles' remedies. If they will write  
me personally, I will gladly give them full
